Nanda:

Attached is a copy of my last update. EPA demobed from the site on or about June 10, 2015 and transitioned to the CES Griggs Road PRP Group who is continuing the cleanup and assessment of the facility property along assessing the extent of contamination in the off-site areas.

Please see attached.

Gary and Bill,

I am reviewing information associated with the subject matter and am writing to evaluate if any new information is available. The last updated I was able to review was dated August 2014. Appreciate it, if you could help me by providing any current information regarding the site.

Sincerely,

Nanda Thalasila
